

## DODO-CHINA

to the soil and loyally grateful to the adminis-  
has **the ideal**, for the French have come to realize  
that  
a the field for Communism,  
The com-  
of has the work of the *Office de*  
*Colonisation*,  
as a of trip to the colony in 1931.  
is evidenced in regard to French colonization.  
enterprises alone are successful. The  
**has** to be a in spirit and unco-opera-  
in —a bom non-conformist, politically and  
The of small French colonization has been a  
technical unpreparedness, and a recently  
**country**, without economic equipment or labour, have  
been  
its Many of ex-soldiers and ex-  
functionaries, turned  
left to on the sands of their concessions.  
But it Is to the of the few who **succeeded**, against  
terrible odds,  
tlttt **this** wis the to cultivate successfully the  
**hevea in Indo-**  
The was definitely away from small-  
scale  
big waxed and grew rich. Many still think  
harmful to the colony because it slowed  
the of **its** development.  
At a in the proceedings. A  
long and  
**Varenne** culminated in an official  
in on the **land** regime in Indo-China, on  
**i8»** the deputy from Q>chin-China, led  
the  
the to' hurl enormous statistics at  
S0 as to up the **ruthless** greed of capitalism in  
the  
T0 it sugar and rubber plantations  
of for profitable exploitation. Much  
as is shown by Parliament, with the  
ill were ordered to be stopped until a  
of report, Indo-Chiia's fury at this stupid  
the country, was reflected in the colonial  
But the to **create** a scandal  
about  
**the** **in** the in order to be  
revenged on a  
**far** Even those who had been  
at **die** consequences of Paris \*s  
of  
requmag a presidential

the decree for  
W» ao absurd that it was  
**soon** **Tte** **wms a decree**  
which
